

CAPE BRETON PRIVATELAND PARTNERSHIP

AGM and Workshops, May 14th 2016

Schedule:

8:30 – 9:15 Registration at Port Hawkesbury Civic Centre, carpool and travel to woodlot

9:15 – 10:30 and 10:45 – 11:30

Morning workshop sessions I & II

Choose **two** sessions from:

- **Optimal bucking of hardwood logs:** everything you need to know to get the best value from the logs you cut.
- **Technology on your woodlot:** what can drones tell you about your woodlot? And an intro to a simple mapping app designed to help you plan and record woodlot activities.
- **Forest Ecosystem Classification:** what does your woodlot want to be when it grows up? Find out how everything from the soil up can help you plan for the future and avoid pitfalls.

11:30 – 1:30 Lunch and AGM at Port Hawkesbury Civic Hall

1:30 – 2:15 and 2:30 – 3:15

Afternoon workshop sessions III & IV

Choose **two** sessions from:

- **Crop tree management:** selecting and managing young crop trees, and an introduction to funding assistance available to help you.
- **Pre-commercial thinning (PCT) in hardwoods:** what to think about when choosing and thinning for maximum value in young hardwood stands.
- **Mushrooms and non-timber forest products:** a different (and tastier!) kind of harvest! Find out more about harvesting and cultivating wild food.

3:15 Carpool back to Civic Centre.

Cost: \$15. Registration is required by Monday, May 9th!
